

**For: Circulation to Members of Council via Circulation List**

Dear Mayor Lehman and Members of Council,

We are relatively new residents of Barrie having arrived in 2013 after living most of our lives in Mississauga. One of the many wonderful things that we celebrate about Barrie is the long expanse of shore around Kempenfelt Bay that is readily accessible. This is unique in waterfront communities in Ontario. The preservation of natural habitat and the areas left open for walking and everyday use are outstanding features. Please do not allow the proposed stadium to be built on the south shore; this development would destroy the previously mentioned attributes.

Wouldn't the old fairgrounds on Essa Road be an ideal location?

Respectfully submitted by  
Jim and Marybeth Colman
