**Subject:** Re: Deputation re. 405 Essa

Thanks Wendy!

I am in objection of the council decision regarding the rezoning of 405 Essa road which was based on the planning report presented last evening at council.

My deputation will be presented orally and center around the flaws in the process arrived at as well as a number of the variances between the planning report and the application.

Thanks and I look forward to presenting that on June 18th.

I trust this will suffice for my 10 minute deputation?

Cheers and thanks

Gaemeb

**Subject:** I would like to provide a Deputation at City Council on June 18

Hi Wendy,

I am in objection to the recommendation of General Committee, which in this case is to approve the recommendations contained within the Staff Report for Mason Homes Zoning Application for Phase three.

I would like to provide a Deputation at City Council on June 18.

Would Microsoft Powerpoint be available to use for the 10 min Deputation?

Thanks,  
Carl Buchheit
