RE: REPORT TO THE COMMUNITY (2014-2018 TERM OF COUNCIL UPDATE)

DATE: JUNE 18, 2018

The purpose of this Memorandum is to present members of Council with a copy of the Community Report, which includes highlights from 2017 as well as a summary of this last Council Term.

When Council took office in 2014, a list of strategic goals and directions for the term were developed. The plan was called "*Our Plan for a Better Barrie*" and it strived for a *Vibrant Business Environment, Responsible Spending, Inclusive Community* and *Well Planned Transportation*. These goals have helped guide decisions and priorities over the last four years, setting Barrie up for continued success. The report highlights many of the accomplishments made on each of the 2014-2018 priorities.

This report can be viewed online at www.barrie.ca/CommunityReport. Copies of the report will also be available to the public at all City facilities. If you would like to request more hard copies of the Community Report, please contact Access Barrie at ext. 5031.
