Subject: File # D14-1647

Hello:

I would like any further information you could provide about the proposed temporary use of 164 Innisfil Street, Barrie. I live at 5 Seaforth Street and would be one of the residents impacted by this change. I am especially concerned about parking and garbage, with only ½ the required parking spaces where are the customers going to park? Any additional information you could provide on this proposal, such as type of retail, would be greatly appreciated.

Thank You

Heather Wagner
