Subject: Safe Consumption Site Deputation for June 3, 2019

City Clerk's Office

I would like to give a deputation at the City Council meeting scheduled for June 3, 2019 at 7:00 p.m.

Nearby residents and property owners are extremely concerned and offended with the manner in which the process has been conducted.

The deputation will address:

1. That a review of the provincial application guide reveals the failure by the applicants to provide to Council accurate information regarding vital issues;
2. The apparent and actual failure to provide a fair process to address and protect the interests and concerns of the local residents and property owners;
3. The fact that the location is not suitable for the neighbourhood which issue is compounded by the failures of one of the current tenants of 90 Mulcaster Street, the David Busby Centre.

Yours truly,

John Alousis

Subject: Mayor Lehman and council members

I would like to make a deputation request to speak at the next city council meeting on Monday June 3, 2019 concerning the location of the proposed supervised opioid consumption site on Mulcaster St.

Some of the concerns are that the concentration at this site is overwhelming to the residential neighbourhood. It is very close (one short block) to Bersey Park, it encourages more dealers to the area, the neighbours are feeling unsafe, cars are rummaged through on a regular basis, women are harassed and followed and it affects the value of our homes that many of us have invested to revitalize the downtown core.

I make this request on behalf of my husband Barry Mills

We need to encourage citizens to use downtown, not hide in their homes.

RECEIVED

Subject: Deputation in Opposition to the proposed SCS

To Jeff Lehman and members of council,

On behalf of members of the BDCC (Barrie Downtown Community Coalition) I wish to make a deputation to City Council in opposition to the proposal of an SCS (Safe injection site) in our downtown core.

The location is damaging to the downtown area and local residents were not adequately consulted or considered. Evidence speaks to the increase of crime in an area with an SCS.

Please note that an attached letter will be submitted separately.

Sincerely

Hollie Mann

Safe Injection Site "Safe Consumption Site"?

90 Mulcaster Street Barrie ON. Wednesday May29 2019

Honorable Mayor Lehman and council members that voted yes to the safe injection site to be located at 90 Mulcaster Street in downtown Barrie.

I was at the meeting May 27th Council Chambers. What I saw was a lot of deception. I was told by Councillor Keenan that all residents directly impacted would receive a notice in the mail about the meeting at Collier Street Church on May 15th. I [REDACTED] from the proposed site NO! DID NOT GET ANY NOTIFICATION. No one I know in the surrounding area received notifications. WHY NOT?

Clearly not enough research has been done about putting this type of establishment in a residential area. Next to a dysfunctional OUT OF CONTROL street center" "Busby Center". I did not hear that anyone went to see the London site where there is a SIS in an apartment building that houses a street center on location. From what I heard it is a complete disaster!

The estimated number of persons using the Barrie site is 35 to 40 persons daily. That is approximately 1100 drug crazed intravenous drug users flooding into our neighbourhood. A Petri dish consisting of heroine, crystal meth, fentanyl, crack , cocaine and whatever else they can shoot up! These people are using hard dangerous drugs in a dangerous manner, making them also dangerous. Have you ever see a person shoot up some meth or crack?? It is scary they become unstable, unhinged then you want to turn them loose in a residential neighbourhood. There are children, families, seniors all being put in harm's way.

Are you considering that these people's taxpaying citizens of Barrie are nothing more to you that collateral damage!!

There was no talk of increased police presence in the area. It was also stated by one council member that he was in favor if it did not cost Barrie any money. Well it will cost Barrie money! Tax dollars! When our land values drop unable to find tenants to rent because of your decisions there are laws to protect us give us some shelter. There will be an expense to the city to do this right. More drug addicts you invite into an area more police presence to patrol the area is absolutely necessary on foot as well. Police "WALKING THE BEAT" to help protect us and our homes from what is inevitable "MORE CRIME AND VIOLENCE IS COMING"

Please take more time, do more research on the results of what this type of establishment has when located in a residential area, next to an OUT OF CONTROL street center!! Thank you Neil Little

Subject: RE: Safe Consumption Site Deputation for June 3, 2019

Dear City Clerk's Office,

I would like to give a deputation at the City Council meeting scheduled for June 3, 2019 at 7:00 p.m.

Nearby residents and property owners are extremely concerned with the application before council surrounding the safe injection site.

My deputation will address:

1. That there are grave concerns from local residents and business owners about an increase in crime and the general deterioration of the neighborhood if the safe injection site is granted.
2. That the proximity of the location to similar services, halfway houses, parks, schools, a children's charity and children's programming, would stress, overburden and have an immediate negative impact to the local area.
3. That the location chosen is not a proper fit due to the existing problems stemming from the poor management of the David Busby Centre.

Yours truly,

Drew Dekker
