What is Celebrate Barrie about?

- Celebrate Barrie is the kick-off to summer festival season
- About celebrating the amazing organizations in our community
- Goal of raising awareness for community organizations and growing people's connection to Barrie
- Community Organizations offering free family activities

New in 2019

- This year, we want to focus on celebrating the diversity and inclusiveness in our community
- Change people's experience of the event – instead of craft or small giveaway want to shift to learning opportunities and new experiences
- Create more engagement opportunities for organizations directly related to the services/roles they play in the community

THANK YOU!
