Manager of Recreation Facilities, R. Bell.

### **PLAYING OF THE NATIONAL ANTHEM**

The National Anthem was played.

### **READING OF LAND ACKNOWLEDGMENT**

Mayor, J. Lehman read the Land Acknowledgement.

### **CONFIRMATION OF THE MINUTES**

**20-A-083** The Minutes of the City Council meeting held on August 10, 2020 were adopted as printed and circulated.

### **DEPUTATION(S) ON COMMITTEE REPORTS**

**20-A-084** **DEPUTATION CONCERNING MOTION 20-G-139, ADOPTION OF INTERNATIONAL HOLOCAUST REMEMBRANCE ALLIANCE (IHRA) DEFINITION OF ANTISEMITISM**

The following Deputations were provided concerning motion 20-G-139, Adoption of International Holocaust Remembrance Alliance (IHRA) Definition of Antisemitism:

1. **Rabbi Audrey Kaufman on behalf of the Am Shalom Congregation** advised she feels that that the IHRA's definition is important to the local Jewish Community. Rabbi Kaufmann commented that the IHRA motion being accepted by the City of Barrie is at a time 75 years ago was the Holocaust and discussed her observations of the overt acts of antisemitism being on the rise and associated concerns of the Jewish community. Rabbi Kaufmann acknowledged that some forms of antisemitism are not always easy to identify and noted that she felt that IHRA's definition provides clarity in this regard. She further acknowledged that the definition is not associated with politics and is not pro or anti against different groups and is a perception of the meaning of antisemitism being expressed as a hatred toward Jews, with no other political motives or biases and is not a legally binding statement. Rabbi Kaufmann advised that the Jewish Community of Barrie believes that the adoption of the IHRA motion is an important tool in the fight against antisemitism especially when the Jewish population of Barrie is increasing, so she noted that she felt it is important to know that the local government supports them. She advised that this motion is being considered during the holiest time of Jewish year, the Ten Days of Repentance between the Rosh Hashanah and their New Year to Yom Kippur the Day of Atonement..

2. **Marshall Green** commented on his personal and emotional attachment to the motion. Mr. Green advised that he and his wife move to Barrie in 1973, and that Barrie's Population is 26,000 people, eight of whom were Jewish. He commented that Barrie has come a long way since 1973 including a significant increase in population that include various ethnic communities, different religions, a variety ethnic restaurants, and immigrants which he also noted he has observed this being reflected in our Medical and other professional communities. Mr. Green questioned why the IHRA definition is opposed by some in particular the independent Jewish voices that the two main objections have been the definition is too vague and all-encompassing and that it will stifle legitimate criticism of Israel and its political policies. He provided his opinion that any definition that attempts to capture the essence of 2,000 years of discrimination and prejudice should never be specifically targeted. Mr. Green provided examples in history such as the Holocaust, the difficulties of being Jewish and entering Law School and of Jewish people being banned from purchasing land in Innisfil in the 1950's.

Mr. Green commented that he felt the definition should not be so specific and that the term antisemitism allows itself to be adapted to other forms of prejudice such as other religions and ethnic groups. He noted that a number of municipalities, the Government of Canada, other Governments and the United Nations have all adopted this IHRA as a working definition. Mr. Green expressed the importance of the IHRA definition to Barrie's Jewish community and that this is a way for the Council of this City to publicly announced that they respect us and protect the principles, needs and interests of those people. In conclusion, Mr. Green noted that the City will flourish by promoting the diversity, showing respect and its willingness to protect people of all different races at the groups and religions.

3. **Michael Speers** advised that he was speaking against Council adopting the IHRA working definition of antisemitism. He commented that antisemitism is a horrible blight on our society and our City and that recently it has been on the rise with more white supremacy and whether it's attacks on the Jewish community or the attacks in Nova Scotia against indigenous. Mr. Speers thanked members of Council for taking this seriously, however he advised that the strategy to adopt the IHRA working definition is not in the best interests of Barrie citizens, and noted that he believes the definition adds nothing to the anti-racism conversation. Mr. Speers provided his opinion associated to IHRA definition, Jewish Community controversy, including the IHRA definition not being inclusive of other groups, along with worldwide examples of antisemitism. Mr. Speers urged members of Council to not approve the motion on antisemitism as he noted he feels that it is a step backwards from solidarity with all struggles for equality and human rights.

Councillor Morales asked questions to Mr. Speers and received a response.

4. **Dan Freeman-Maloy** provided his background and thoughts associated to antisemitism. He advised that he is opposed to the motion and that he believes it's not a step forward, but that these are important issues that are a combination of emptiness and the examples associated with them are counterproductive. Mr. Freeman-Maloy provided his opinion on matters related to racism and he mentioned the murder of George Floyd and political walk of life laying claim to anti-racist principles, the City of Barrie opening Council meeting with the Land Acknowledgement and Canada sharing values of indigenous land which noted that he felt could be called racist to other individuals. He advised that he believes the IHRA definition suggests that it's racist to have those discussions and that's very dangerous not only in silence and Palestinians were there ongoing expression also in lending a legitimacy to antisemitism. Mr. Freeman-Maloy asked that Council to place this motion aside in order to have further discussions.
5. **Noah Shack** provided his comments related to the IHRA definition and advised that anti-semitic hate crimes take place on average once every 24 hours. He advised of the Jewish Community's considerable fear about what will happen if left unchecked and not having the support and friendship of their non-Jewish neighbours and in many ways more exposed of our society as a whole to the detriment of Jews and non-Jews alike. Mr. Shack advised that he felt this is the first step towards effectively addressing anti-semitism and he acknowledged Council in bringing this too important initiative and requested that this matter not be sidelined or sidetracked with those with an alternate agenda. He commended Council for their leadership and bringing this important motion forward.

**20-A-085**

**DEPUTATION BY A REPRESENTATIVE(S) OF INNOVATIVE PLANNING SOLUTIONS AND SEAN MASON HOMES CONCERNING MOTION 20-P-033, ZONING BY-LAW AMENDMENT APPLICATION - SEAN MASON HOMES (VETERAN'S LANE) INC. - 339 VETERAN'S DRIVE, 341 VETERAN'S LANE AND 19 MONTSERRAND STREET (WARD 6).**

Darren Vella provided a Deputation concerning 339 Veterans Drive, 341 Veterans Lane and 19 Montserrand Street. He discussed the two provisions included with the proposed Zoning By-law Amendment in paragraph 2. k) and l) of motion 20-P-033, specifically related to the parking requirements for the subject site for both the proposed apartment building and the townhouse dwellings parking ratio. He advised that the applicant would like to see amendments to these paragraphs in order to add additional flexibility through the design stage related to the underground parking structure and the opportunity to provide some more affordable housing units on the property.

Mr. Vella discussed slides concerning the following topics:

- The proposed amendments to motion 20-P-033, paragraph 2. k) and l); and

- The conceptual site plan for the application associated to the apartment building underground structure.

Mr. Vella explained the costs associated to the underground parking structure, and asked that a slight modification to allow for some of the residential parking spaces associated to the apartment building be included on the surface. He advised that this will allow for more affordable housing units. Mr. Vella also noted that the requested amendment provides for more flexibility on the building site and the changing circumstances experienced with COVID-19 in order to prevent further delays with the project. Mr. Vella also noted for the total parking spaces related to the townhouse units along the block fronting Veteran's Drive. He requested for additional flexibility to not increase the number of units for the townhouses in order to allow for the ability of second suites.

Members of Council asked a number of questions to Mr. Vella and received responses.

#### **20-A-086**

#### **DEPUTATION BY BARBARA MACKIE ON BEHALF OF THE ALLANDALE NEIGHBOURHOOD ASSOCIATION CONCERNING MOTION 20-P-041, ZONING BY-LAW AMENDMENT APPLICATION - MARIO LAMPERT HOLDING LTD. - 79 GOWAN STREET (WARD 8)**

Barbara Mackie provided a Deputation on behalf of the Allandale Neighbourhood Association concerning motion 20-P-041, Zoning By-law Amendment for 79 Gowan Street.

Ms. Mackie provided her background of being a resident of Barrie for 20 years, living in the area of Cumberland Street, and being a member of the Allandale Neighbourhood Association since 2012. She advised that she is representing the Allandale Neighbourhood Association and advised that they are in opposition of the Zoning By-law Amendment related to the special provisions allowing for front yard setback of 19.5 metres. Ms. Mackie expressed her concerns with the front yard that does not conform to City's Planning standards and does not represent the existing homes or is consistent with the streetscape currently on Gowan Street. She commented that the majority of the Allandale residents are supportive of new developments in the community, however they do not believe that this development enhances the neighbourhood or represents the heritage in the neighbourhood. Ms. Mackie acknowledged that those that reside in Allandale we would be happy to see 79 Gowan Street developed with buildings that conform to existing structures and that the urban planning proposed with this development will set the precedent for all future developments along the street from William Street to Bayview Drive. She noted that the City needs to get this right the first time as this area has been many years without any new developments. Ms. Mackie further discussed their concerns with the location of the streetscape to residents of neighbouring homes and the development exceeding all existing Zoning By-laws with the 19.5 step back and a big parking lot in front of the building that should be in the rear. She advised that it negatively impacts the streets and neighbouring resident.

Ms. Mackie advised that she has not seen any correspondence or documentation from Metrolink associated to the 30-metre setback requirement. She commented on the impact of future developments without a formal agreement, and noted she felt it is not in the best interest of ensuring suitable future planning and attracting developers to meet our intensification mandates. Ms. Mackie urged Council to resolve the problems with Metrolink for Gowan Street in order to promote the redevelopment of the street in a manner consistent with good urban planning and consistent with the existing neighbourhood.

## **TAX APPLICATIONS**

**20-A-087** Application for Cancellation Reduction or Addition to Taxes to Council dated September 21, 2020 in the amount of \$121,999.31.
