

Staff Report

To	General Committee
Subject	Street Names - Hewitt's Central Draft Plan of Subdivision
Date	November 26, 2025
Ward	10
From	M. Banfield, RPP, Executive Director of Development Services
Executive Member Approval	M. Banfield, RPP, Executive Director of Development Services
CAO Approval	M. Prowse, Chief Administrative Officer
Staff Report #	DEV041-25

Recommendation(s):

1. That the following names from the Municipal Naming Registry, identified in Appendix A - Street Name Schema to Staff Report DEV041-25, be approved as the street names in Hewitt's Central Draft Plan of Subdivision (D30-012-2024):
 - a) Street D - Crosswinds Road
 - b) Street E – Wheatland Road
 - c) Street F – Brookland Street
 - d) Street G – Still Water Way
 - e) Street I – Wildfield Way
2. That the following municipal street names, identified in Appendix A - Street Name Schema to Staff Report DEV041-25, be confirmed as prolongations of existing municipal streets into Hewitt's Central Draft Plan of Subdivision (D30-012-2024):
 - a) Street A - Prince William Way
 - b) Street B - Terry Fox Drive
 - c) Street C - Lally Terrace
 - d) Street H – Giovanni Crescent

Executive Summary:

The purpose of this report is to seek Council's final approval for the names selected for the streets within the Hewitt's Central Draft Plan of Subdivision (D30-012-2024) depicted in Appendix A - Street Name Schema and described in Appendix B – Street Description to Staff Report DEV041-25.

Council approval of the recommended street names is required for municipal addressing to proceed for the new development. The names requested for this development were all identified in the Municipal Names Registry and include the assignment of five new street names and the confirmation of four others by extension (prolongation).

Key Findings:

As a condition of final approval, street names are required to be assigned prior to the formal registration of the Plan. The applicants, **Crisdawn Construction Inc. and Pratt Development Inc., have requested to use names from the Municipal Names Registry for all public local streets proposed in the subdivision.** This approach is permitted under the Municipal Naming Policy, and it is consistent with past practice.

The names selected are depicted on Appendix A - Street Name Schema to Staff Report DEV041-25 and were previously approved by Council per [Motion 18-G-118](#) dated May 28, 2018, and [Motion 19-G-089](#) dated April 29, 2019.

Financial Implications:

There are no financial implications for the Corporation resulting from the proposed recommendation.

Alternatives:

The following alternative is available for consideration by General Committee:

Alternative #1 General Committee could deny the recommendation(s) of staff and request that the applicant provide a new or revised list of street names to be assigned for this Draft Plan of Subdivision.

This alternative is not recommended as the selected names were previously approved by Council and meet all the requirements of the street naming policy. If so directed, staff would be required to initiate a new circulation and review of any chosen names which could significantly delay the addressing process and subsequently registration of the Draft Plan of Subdivision.

Strategic Plan Alignment:

Affordable Place to Live		
Community Safety	X	Street Names for future developments are required to be unique and do not conflict with existing street names or those in surrounding municipalities.
Thriving Community		
Infrastructure Investments		
Responsible Governance	X	The municipal naming process provide staff with a process to vet and allocate street names throughout the City which allows residents and Emergency Services to navigate easily to and from this future development.

Additional Background Information and Analysis:

The Municipal Naming Policy establishes the processes and criteria for naming, renaming and dedicating Municipal Assets such as streets, parks and facilities as well as the major elements of such municipal assets including the methods by which the public may provide suggestions and comments.

The Municipal Names Registry is a central repository of all approved names for streets, parks and facilities. The Registry includes a list of pre-qualified names that can be used for new development which have been suggested by the public and the developers, including but not limited to Barrie's fallen soldiers and veterans and honoured community members.

The Draft Plan Conditions for Hewitt's Central Draft Plan of Subdivision (D30-012-2024) were approved by the Executive Director of Development Services on April 22, 2025. **Streets are required to be named as a condition of the final approval of a Plan of Subdivision.** The applicants, Crisdawn Construction Inc. and Pratt Development Inc., have requested to use names from the Municipal Names Registry for all public local streets proposed in the subject development.

Consultation and Engagement:

Prior to the recommendation proposed by staff to accept the street names for the subject Plan of Subdivision, the names were circulated for comments in accordance with the street naming process, including to neighbouring municipalities, external agencies and internal departments. No concerns were raised.

Environmental and Climate Change Impact Matters:

There are no environmental and/or climate change impact matters related to the recommendation.

Appendix:
