 - Good governance practices

Engaging with Our Municipalities

- Income
- Housing
- Food Insecurity
- Built Environment
- Climate Change
- Opioids
- Alcohol
- Cannabis

Low Income Action Plan

HOUSING

...of Simcoe Muskoka renters spend more than 30% of household income on shelter costs (i.e. rent, electricity, heat and municipal services).

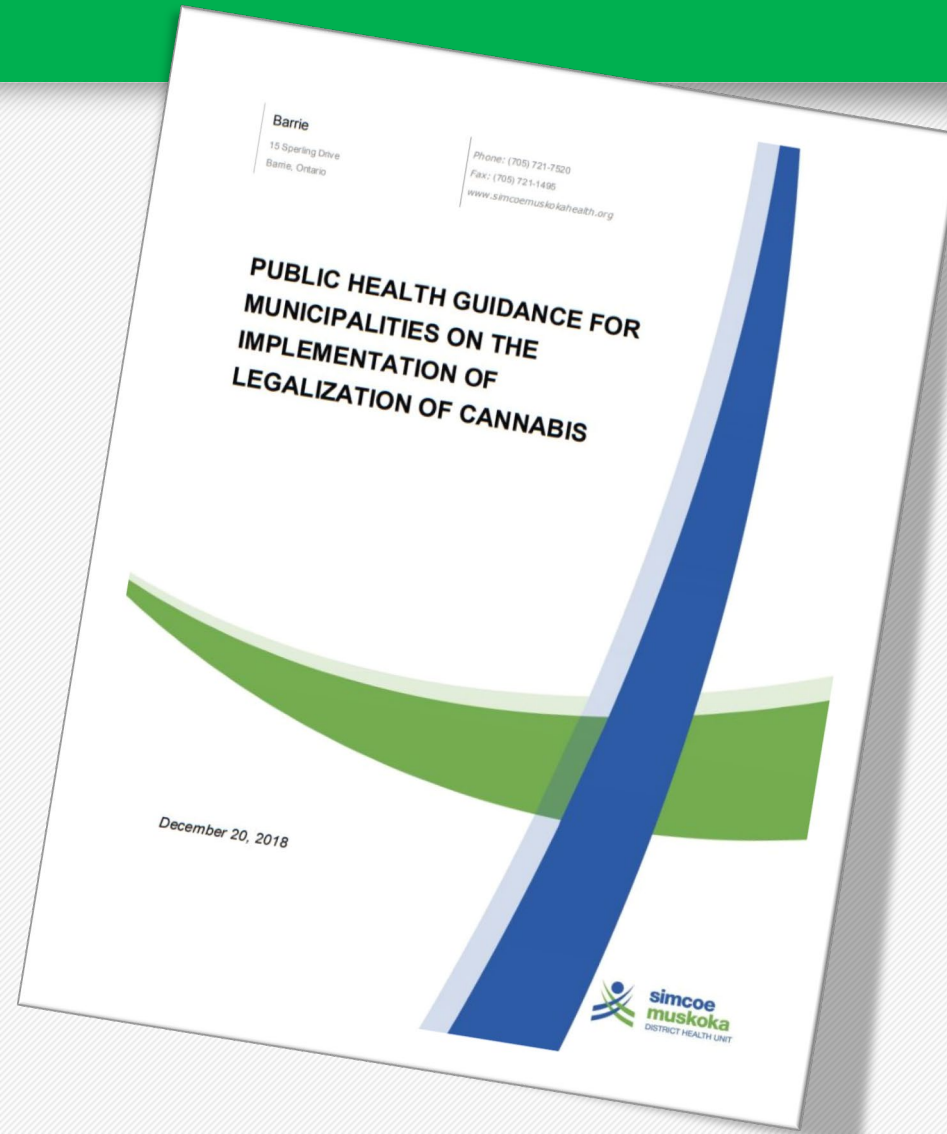

Climate Change and the Built Environment

The Need for an Opioid Strategy

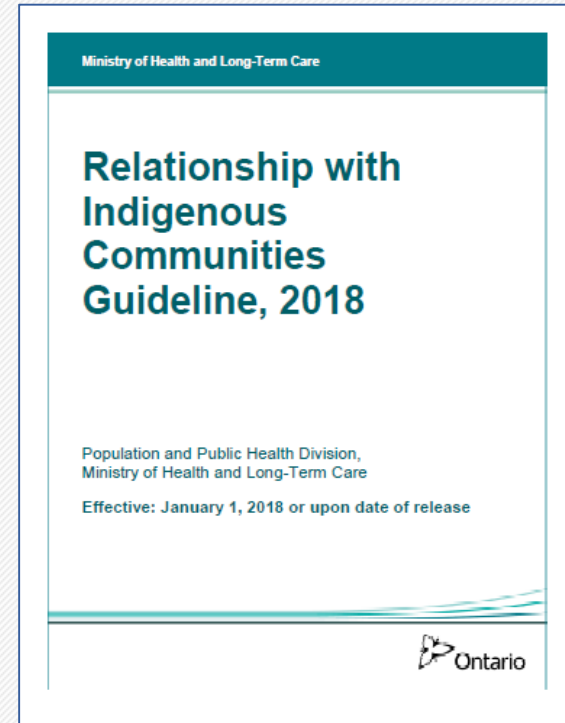

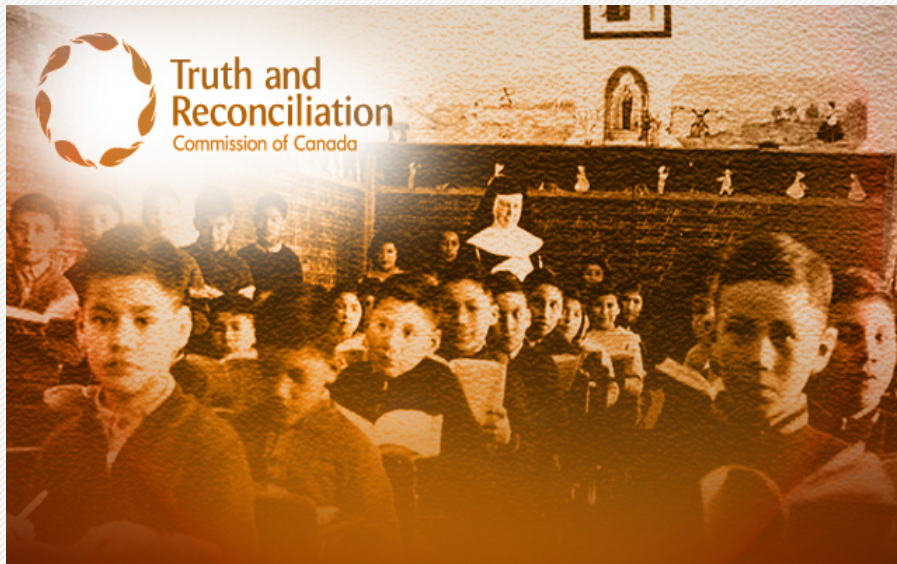

Municipal Action on Cannabis

Mental Health Promotion

- Embedding mental health promotion strategies and approaches across public health programs and services
- Seeking opportunities to offer mental health promotion programs and services across the life course
- Seeking opportunities to implement whole-population and community-based interventions, particularly for cross-cutting issues

Indigenous Engagement

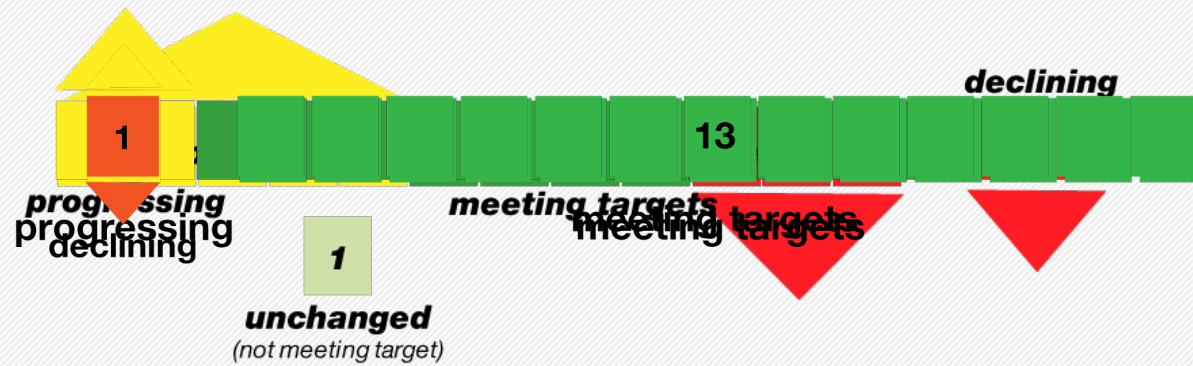

Accountable to our Communities

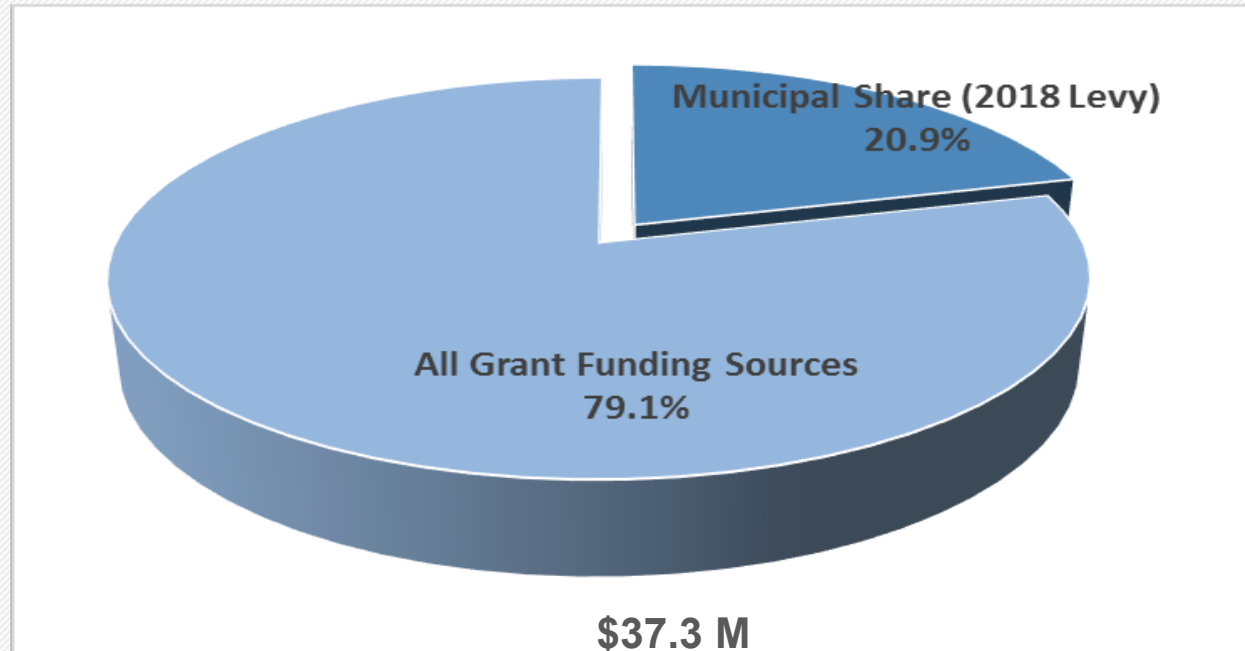

Provincial Accountability Agreements

PERFORMANCE INDICATOR RESULTS 2018

2018 Provincial Municipal Funding Share

(all programs)
