SIMON KAPTEIJN

**Email Address:**

**Address:**

**Phone:**

**Name of Group or Person(s) Being Represented (if applicable):**

Simon Kapteijn /Isabella Kapteijn/ Simon Kapteijn (son)

**Brief Statement of Purpose of Deputation:**

We are the owners of \_\_\_\_\_ that we recently purchased and have great concern regarding the official plan and now future additional protection Identified through the study in the report. Details on how this will impact us was requested in early February and after following up provided on June 13, 2023 once reviewed we oppose same .

If this recommendation is approved and acted on it will not only require the demolition of our three existing homes and than leave us with a less desirable and undevelopable and devaluated piece of raw land .

There is no need for an additional protection area changes should be made to shift the boundaries of the official plan slightly to prevent the destruction of three homes and allow people to enjoy where they live without a dark cloud hanging over there head .

The angle curve of the proposed road improvements towards the intersection can be tweaked slightly

towards the waste treatment plant without impeding or encroaching on its boundaries or and the proposed raised planted median can start further back to name a few with than no need for demolishing of existing homes or expropriation of privately owned land .

Thank you .
