Subject: Parking on Brighton Road

Hello,

I understand the deadline has passed for feedback on parking restrictions on Brighton Road, nonetheless I am sending this for consideration.

Two options were proposed for parking on Brighton Road, however I would like to add a 3rd: alternate parking between both sides of the street. Monday, Wednesday, and Friday parking is allowed on one side; Tuesday, Thursday and weekends parking is allowed on the other side.

This is a more equitable solution as opposed to restricting parking to only one side. Alternating days also facilitates planning for curbside cleaning/mowing and driveway snow removal (by property owners).

Sincerely,

Dan
