A Fun & Novel Way to Tour Barries' Waterfront!

819-272-4977

The image shows two large, cylindrical wooden barrel saunas positioned on a wooden deck. Each sauna has a dark, rectangular door with a wooden handle and two small square windows. The barrels are made of light-colored wood and are secured with metal bands. In the foreground, there is a wooden walkway leading to a cold plunge area, which is partially visible as a dark, rectangular opening in the ground. The background features a large, white, geometric structure, possibly a geodesic dome or a modern building, and some greenery. The overall scene is set outdoors, likely on a dock or a waterfront area.
