Subject: Deputation Request

Ms McAlpine,

Please find my attached completed deputation request form. Once the minutes are available from the General Committee I will complete our presentation and forward it to you. We just want to properly reference the motion as amended.

I will only need 3 to 5 minutes to present. I plan on providing a very brief background on the Harvie Road Coalition and then proposing concurrent planning/construction deliverables to accelerate the project.

If you require additional information please let me know.

Thanks
Keith
