Subject: Deputation for April 15.

Hello

My name is Michael Jack and I am a resident at 129 Cumberland Street, Barrie, Ontario. I would like to have the opportunity to present a deputation at the council meeting on April 15th regarding the proposed development at 140-152 Cumberland Street.

I will be opposing this development based on the size and scale (5 stories) and am extremely concerned of the precedent it will establish for future residential buildings that could be built in the historic Allandale neighbourhood in the future.

Thank you,
Michel Jack
