#### 5.1 Financial Statements for year ended December 31, 2023

M. Mifsud, Treasurer for Barrie Hydro Holdings Inc. (BHHI) offered to review and answer any questions that the Board might have with respect to the financial statements. She noted that there was a decrease in 2023 dividend income compared to 2022 as the final payment for 2021 dividends was received by BHHI in 2022, and otherwise the financial statements were relatively status quo. Directors asked questions related to the whether Alectra's subsidiary/affiliate companies' dividends were reflected in BHHI's financial statements and factors impacting the BHHI's portion of Alectra Inc.'s dividends. Ms. Mifsud explained that a one time property sale, cost containment during the pandemic and new income from investment were factors in the higher dividends received in 2022.
