Title:	SENIORS/STUDENTS HOMESHARING PROJECT				

Martin Rochon, Social Impact Project Coordinator, Georgian College provided a presentation concerning an update on the Seniors/Students HomeShare Project.

Mr. Rochon provided an overview on the HomeShare Project, a partnership between the Mayor's Office and Georgian's Centre for Changemaking and Social Innovation and the intention of the pilot project to match postsecondary students with older adults aged 55+ who have a spare room in their home in an exchange for reduced rent and the student would provide up to seven hours per week of companionship and light help with household tasks.

Mr. Rochon advised that the project has been affected by COVID-19 due to safety and legal protocols that Georgian College Students could not and cannot be placed into seniors' homes until the COVID-19 risks lessened. He noted the program will continue to screen matches in order for quick and effective placement of the students with the best matched seniors once the pandemic situation improves.

Mr. Rochon noted the core goal of mitigating social isolation for seniors and students and is being supported by a \$50,000 grant from Simcoe-Muskoka United Way that runs from June 20, 2020 to March 31, 2021.
